

The new Golf GTI

Golf GTI

MEDIA INFORMATION

The background of the entire page is a photograph of a car's interior, showing the dashboard, steering wheel, and seats. A large, solid red rectangular area is superimposed over the center of the image, serving as a backdrop for the text.

INTRODUCTION INTRODUCTION INTRODUCTION INTRODUCTION INTRODUCTION

The Golf 8 is here. The car that defined the term “hot hatch” embodies a classic formula: refinement, style, power and playful performance. The Golf GTI returns with new technology and design cues that continue the tradition of affordable performance it has built since its debut. Sportier, more dynamic, more intuitive and more responsive than ever before. Packed with pioneering technology, it features Volkswagen’s most advanced connectivity and driver assistance systems, and an all-new digital dashboard, representing the biggest technical leap forward in the history of the model.

OVERVIEW

TECHNOLOGY & CONNECTIVITY

The eighth Golf GTI is the most digital GTI of all time. The entire electronic architecture was created from scratch – changing everything!

Drivers have access to a fully digitally networked world of display and controls giving them full reign to customize the visual look and technology of their car in greater detail than ever before.

- Optional 10" Infotainment system (8.25" standard) with touch sensitive functionality
- Bluetooth telephone and audio connection for compatible devices
- Fully digital instrument cluster VW Active Info Display (10.25")
- Simultaneous pairing of 2 compatible mobile devices
- Speed Limit Display
- 4x USB Type C (2 front, 2 rear)
- Optional Navigation system with Heads-up display
- 6 speakers, front and rear
- Wireless app connect is optional. Wired is standard
- Inductive charging

EVOLUTIONARY OUTSIDE

Confident, eye-catching and striking, the GTI is a truly modern hatchback: unmistakably GTI, but with innovative twists. The GTI has a turbocharged engine that generates 180 kW (245 HP). The car has a new networked Vehicle Dynamics Manager which intelligently manages the electromechanical running gear systems, guaranteeing a new level of added performance – making the eighth generation Golf GTI the perfect front wheel drive vehicle offering outstanding overall performance to an even higher level.

At the rear, the roof spoiler, diffuser and two round tailpipes located at the outer sides are striking distinguishing features of the sporty GTI variant.

The eighth Golf GTI is also the most digital GTI of all time, so inside, the focus is on design, function, comfort and personal choice, with technology that's nothing short of revolutionary.

EXTERIOR FEATURES

Compared to its predecessor, the new Golf GTI is now lower, more elongated and dynamic. The designers created each body part from scratch to give the vehicle a special updated feel.

- 18" Richmond alloy wheels
- Spoiler roof / sunroof
- LED performance headlights & LED HIGH tail lights
- Exterior mirrors with memory feature, power-folding, adjustable, separately heated and exterior mirror lowering function
- LED headlights with front fog, cornering & highway lights

*listed features from P2 package

EXTERIOR HIGHLIGHTS

- UAE: starting from \$37,517 (including mandatory eCall and DAB+)
- Other Markets: starting from \$37,155 (excluding VAT)

The background image shows the interior of a car at night. The dashboard features a large digital display with various icons like Navigation, Radio/Media, Telephone, and Assistance. The car has red ambient lighting along the dashboard and door panels. The seats are upholstered in a tartan fabric. The text "A NEW GENERATION OF INTUITIVE DRIVING" is overlaid in a large, white, outlined font.

A NEW GENERATION OF INTUITIVE DRIVING

If the exterior excites, the interior more than delivers. Colourful ambient lighting, a digital cockpit with intuitive touch controls and Digital Cockpit Pro which is a fully configurable, interactive 10.25 inch display replacing the standard analogue instrument cluster, not only make a statement but herald a new generation of style and experience.

A GTI isn't a GTI without its trademark tartan style fabric seats and honey comb pattern on the dash panel and door trim. The car boasts a full digital capabilities and the digital displays start up as soon as the doors are open. The eighth generation Golf also features an exciting new tilting panoramic sunroof.

The GTI P1 comes with cloth seats, P2 with Leather seats
