# Passat

**The ultimate  
family sedan**  
for you and yours

As reliable as ever and sportier than ever before: The new Passat features expressive and harmonious design. Our accessories portfolio – which underscores the dynamic style of the classic with everything from alloy wheels to tail lights.

01

#### 01 Tablet holder

The Apple iPad bracket for iPad 2-4 is attached to the base carrier using a simple click system. The iPad bracket has two joints which enable it to be comfortably positioned, depending on how the device is used.

Part number: 000.061.125.A

02

03

04

#### 02 All-weather floor mats - front and rear

The especially robust "heavy duty" floor mats protect against soiling and moisture, and look striking thanks to the integrated model lettering. The floor mats are designed to fit perfectly, have a non-slip underside and are easy to clean.

Part number: 061.550.D.041

#### 03 Pedal caps set DSG

The non-slip pedal caps are made from high-quality, brushed stainless steel with an anti-slip coating. The accelerator is completely electronic. The set consists of 2 parts: 1 attachment (for the brake) along with a replaceable accelerator pedal.

Part number: 1.064.205.A

#### 04 Luggage net (Nylon)

So everything stays where it should: The Volkswagen original luggage net enables safe transport of luggage. It is quickly and easily secured using fastening hooks in the luggage space.

Part number: 3C5.065.110

#### 01 Roof box

The new and innovative Urban Loader roof box with expandable load capacity provides additional cargo space for smaller vehicle models and is perfectly suited for transporting shopping, bags, suitcases, pushchairs and golf bags, etc.

Can be assembled on the roof bars with rail adaptor for T-groove profiles or U-shaped brackets.

Part number: 000.071.200.AF

01

#### 02 Roof box comfort 340

The new Volkswagen Genuine roof box Comfort 340, with a volume of approx. 340 litres, has an optimised aerodynamic design that reduces unpleasant driving noises as much as possible, an innovative pre-assembled quick-fastening system, and is fitted with a 3-point central locking mechanism. The "DuoLift" system enables the box to be opened comfortably from both sides.

Part number: 000.071.200.AD

02

#### 03 Roof box comfort 460

The new Volkswagen Genuine roof box Comfort 460, with a volume of approx. 460 litres, has an optimised aerodynamic design that reduces unpleasant driving noises as much as possible, an innovative pre-assembled quick-fastening system, and is fitted with a 3-point central locking mechanism. The "DuoLift" system enables the box to be opened comfortably from both sides.

With a length of 2.3m, it is ideal for winter sports, as all conventional ski and snowboard sizes can be loaded into it without any issues.

Part number: 000.071.200.AF

03

04

05

#### 04 Wheel holder - bicycle holder

Bicycle carrier with Volkswagen lettering at the rear, tensioning strap, rim protectors and ratchet pre-assembled. \

Part number: 000.071.746.B

#### 05 Bicycle holder

The Volkswagen Genuine bicycle carrier comes in a convenient mounting height and with an innovative torque limiting rotary knob which controls the torque applied to the bicycle, making sure the bicycle is secured properly.

Part number: 000.071.128.F

## Safety and comfort features

### 01 Universal Traffic Recorder – front and rear

The 2-camera system records what happens in front of and behind the vehicle in the event of damage. It is installed on the windscreen and rear window in a visually appealing way and firmly glued to the windscreen/window.

Part number: 000.063.511.E

### 02 Cradle for Mobile

The universal smartphone holder keeps a tight grip on your mobile with its 70mm diameter suction cup which provides an incredibly strong bond to the windscreen or any other smooth surface.

Part number: 000.051.435.AG

### 03 USB extension

The 2216 USB extension cable is particularly suited to use with the Volkswagen CarStick, and can also be used to connect other USB-connectable products to the infotainment system.

Part number: 000.051.446.T

### 04 Reading light

The LED reading light from Volkswagen Accessories allows passengers to also have light at the back of the car when it's dark outside. The universally usable LED reading light is connected via the cigarette lighter and delivers a light output of 20 lumens with only 1W of electricity.

Part number: 000.069.690.G

### 05 Car care kit sponges

A sponge for every task: The Genuine sponge care set comes with one universal sponge, one car sponge, one insect removing sponge, and one window cloth for every possible situation.

Part number: 000.096.166.B

### 06 Waste bag

The Volkswagen Genuine waste bag "clean solution" really is a clean thing. The textile bag is simple to fix to the headrest bar of the front seat and easy to remove when not required. The roll of plastic rubbish bags included makes longer trips as well as driving with children more pleasant and the car stays clean.

Part number: 000.061.107

# Tiguan

---

**New adventures**  
await you

The exciting, innovative design of the new Tiguan with its striking proportions conveys enthusiasm immediately, and the Tiguan's accessories are persuasive down to the last detail.

Alloy wheel 7J x 19  
ET43, Auckland, Dark Graphite  
Metallic / Gloss machined

Part number:  
5NA071499 NQ9

Alloy wheel 6.5J x 17  
ET38, Corvara

Part number:  
5NA071497 8Z8

Alloy wheel 8J x 20  
ET41, Kapstadt, Grey  
Metallic

Part number:  
5NA071490 Z49

Alloy wheel 7J x 18  
ET43, Sebring, Sterling  
Silver

Part number:  
5NA071498 88Z

#### Alloy wheels

Sporty appearance with rims from our range - the design of the rim underlines the dynamic of the vehicle. The alloy rim is tested to Volkswagen's strict requirements, guaranteeing you the highest security and functionality.

01 Boot inlay for vehicles with variable luggage compartment floor

Part number: NAO61160

02 Boot tray for vehicles with variable luggage compartment floor

Part number: 5NA061161

03 Boot liner for vehicles with variable luggage compartment floor

Part number: 5NA061162

04 Reversible luggage compartment mat for vehicles with variable luggage compartment floor

Part number: 5NA061210

02

03

04

### 01 Door-wind deflectors

Door-wind deflectors allow optimum airing and ventilation of the inside of your vehicle and contribute to travelling comfort. They improve the indoor climate and allow one to enjoy circulating fresh air even when it rains

or snows. With increased sunlight, you will avoid the unpleasant buildup of heat in the inside of the vehicle when the windows remain open slightly above the lower edge of the wind deflectors.

### 02 Protective strip for tailgate

Brilliant conclusion – the Volkswagen Genuine rear trim in chromium look for the tailgate gives the vehicle a noble and elegant look in a

twinkling of an eye. This can be stuck on to the lower tailgate edge quickly and simply and it serves to protect the edge.

### Mud flaps

Long-lasting and hard-wearing: The Volkswagen Genuine mud flaps protect the underbody and bumpers effectively from contamination. Moreover dangerous stone chippings and the splattering of splashing water are reduced enormously.

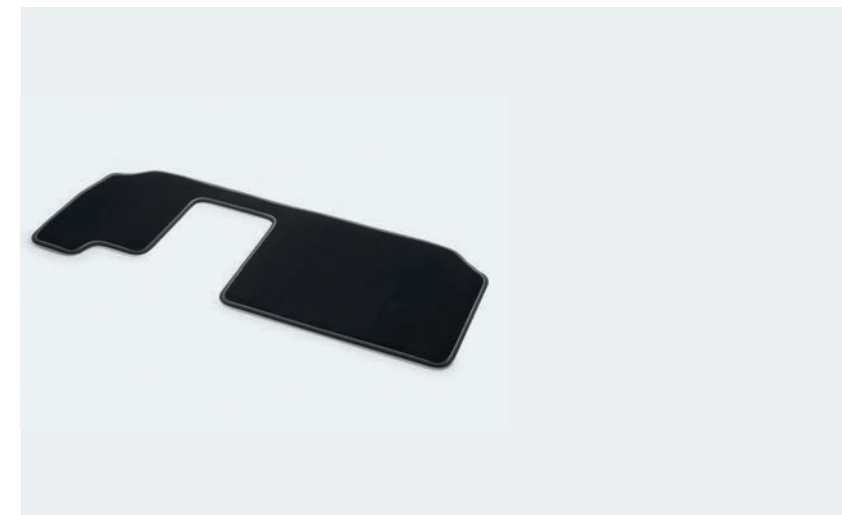

**Mud flap front, not for R-line**  
Part number: 5NA075111

### Separation grids

Safety first: The stable Volkswagen Genuine separation grids of metal, secure the boot area with regard to the passenger compartment. It can be installed quickly and easily, and just as easily removed with only a few movements of the hand.

**Partition grille wire mesh, Black, removable**  
Part number: 5NA017221

### Premium textile floor mat

Out with the dirt: Made from durable, high-quality velour, the Volkswagen Genuine premium textile floor mat featuring Tiguan lettering is a visual highlight and helps to protect the vehicle interior. The simple fastening prevents slipping and twisting.

**Textile floor mats, third seating row, Premium, Satin Black**  
Part number: 5NL061279 WGK

#### 01 Load bars

The Volkswagen Genuine load bars are the ideal system basis for all super structures. The load bars tested according to the strict stipulations of the Volkswagen City Crash Plus have an aerodynamically

formed aluminium profile, on which e.g. a surfboard, bicycle, ski and snowboard mounting supports or the practical roof boxes can be secured.

**06** Door strip front doors, aluminium, with lettering

Part number: 5NA071303

## The perfect fit

#### 02 | 03 Genuine floor mats

The Volkswagen Genuine textile floor mats help protect the vehicle interior. Whether cut pile or rubber - their perfectly fitting shape and excellent non-slip qualities offer the optimum solution for all needs.

#### 04 Protective foil for door sill panel

The precisely fitting entrance foil can be easily stuck on. One set comprises four foils for the protection of the front and rear door sills. Available in black/silver and transparent.

#### 05 Loading sill protection

Perfect protection with noble appearance – the custom-fit loading sill protection protects the bumpers from scratches when loading and unloading the boot and upgrades it in terms of its appearance.

Can be stuck on easily and quickly. Available in stainless steel look and transparent.

02

01

03

#### 01 Sun protection

Easy handling, custom-fit form: The Volkswagen Genuine sunblinds for the rear side windows, luggage compartment side windows and tailgate window protect the inside of the vehicle from direct sunlight – without any impairment of vision or road safety.

#### 02 Running boards for side skirts

- Can be combined with front mud flaps
- Anti-slip effect for safe access to the vehicle
- Easy to load items on the vehicle's roof
- Material: Silver anodised aluminium

#### 03 Front mud flaps

- Protection against dirt and stone chips
- Simply attach behind the wheel arches
- Long-lasting and hard-wearing

05

#### 04 Model cars

The new Tiguan presents itself in an exciting new light - like the model car at a scale of 1:87.

#### 05 Ball pen

Grey twist ballpoint pen from Klio with a satined metal tip and an integrated USB stick (4GB) in the upper part with white Tiguan-letting on the clip. Each individual pen is in its own tuck-in sheath. The cartridge can be exchanged. Ball pen and USB stick can be used in parallel fashion with complete functionality.

# Touareg

The enhanced  
driving experience  
**you deserve**

The new third-generation Touareg, equipped with the connectivity of the modern era, as well as a groundbreaking fusion of assistance, comfort, lighting and infotainment systems, leads the way into the future. The design also highlights real dynamism. As one of the most technically and visually progressive SUVs of its age, the new Touareg has the potential to inspire technology- and design-oriented drivers.

01

02

**01 Protective strip for the tailgate in Chrome look**

- Sophisticated and elegant look in the blink of an eye
- Simply affix to the lower edge of the tailgate
- Sill protection

**02 Footboards for the side skirts**

- For simple entry and easier roof loading
- Silver-anodised aluminium with Black plastic end caps
- With anti-slip effect
- Also for R-Line

## Quality without compromise

With the light alloy rims and complete wheels for the new Touareg, there are a large number of options, and variety in design with no compromises on quality and functionality.

### The Volkswagen Genuine light alloy wheels

- Strength tests check the strains on the wheel under excess load, shocks and cornering.
- Material and surface are tested for tensile strength and elongation as well as resistance to scratches and corrosion.
- Vehicle tests check the complete wheels under rigorous conditions on the test track.
- The endurance test on the two-axle wheel inspection rig simulates high loads.

The fully automatic mounting of complete wheels takes place on state-of-the-art production systems. Wheel and tyres are combined to produce a high-quality unit. Precise production under temperature-controlled conditions contributes to a constantly high quality of our complete wheels – and offers tangible benefits:

- Optimum concentricity and axial run-out measurement for every wheel
- Individual residual imbalance inspection for each vehicle
- Proper storage of the complete wheels until delivery

### Luggage net

So everything stays where it should: The Volkswagen Genuine luggage net ensures safe transport of objects in the luggage space. It is quickly and easily secured using fastening hooks.

### 01 Removable towing bracket for the T-Roc

The made-to-measure Volkswagen Genuine towing bracket enables flexible use, and can be quickly and easily fitted when needed. A lock protects the ball hitch against theft.

- Complete solution for retrofitting: Volkswagen Genuine towing bracket, removable version and vehicle-specific electrical installation kit (13-pin)
- Activation document with the individual activation code for complete integration into the vehicle electronics and correct encoding of all linked control units

### 03 Footboards

- Underline the T-Roc's SUV character
- Easy entry and loading of the roof
- Manufactured from silver-anodised aluminium with Black plastic end caps
- Anti-slip thanks to Black plastic inserts

### 02 Fixed towing bracket for the T-Roc

The made-to-measure Volkswagen Genuine towing bracket is always attached to the vehicle, and makes it safer to use trailers and carrier systems.

- Complete solution for retrofitting: Volkswagen Genuine towing bracket, fixed version and vehicle-specific electrical installation kit (13-pin)
- Activation document with the individual activation code for complete integration into the vehicle electronics and correct encoding of all linked control units

## Ready to Roc!

Volkswagen Accessories underlines the concept of customisation. Right from the launch of the T-Roc, you will find all sorts of products to further enhance this unique vehicle.

#### Auxiliary heater for the T-Roc

The Volkswagen Genuine Accessories auxiliary heater offers the following benefits over other solutions available on the market:

- Networking with the vehicle (e.g. it will not start if the fuel level is low)
- Recognition of the Genuine auxiliary heater via the Volkswagen diagnostics tester and update of documentation in CarPort (in the case of warranties)
- The unit is tailored to and tested for the vehicle: Compliance with the specifications with regard to the VW Group QA requirements

# Teramont

**The 7-seater SUV**  
for your family  
adventures

The first 7-seater is designed with technology to handle anything, and is available in a variety of specifications to choose from. Because big families need a big SUV.

01

### 03 Tablet holder

The Apple iPad bracket for iPad Air is attached to the base carrier using a simple click system. The iPad Air bracket has two joints that allow it to be positioned above and below the headrest, and adjusted vertically and laterally in both positions.

Part number: 000.061.125.E

### 07 Cool box

The box has a capacity of approx. 24 litres (use of insulation cover) and ensures the right temperature at all times. It can be used to transport 2 litre bottles upright without any problems. Energy efficiency class A++.

Part number: 000.065.400.F

02

### 02 Pedal caps set

The Volkswagen Genuine all-weather mats protect your vehicle interior from dirt and moisture. They are designed to fit perfectly, are easy to clean, and have a non-slip underside. The floor mats are also 100% recyclable, very sturdy and durable. Each set consists of five mats for the front, centre and rear footwells.

Part number: 3CG.061.500.82V

### 02 Pedal caps set

The non-slip pedal caps are made from high-quality, brushed stainless steel with an anti-slip coating. The set consists of installation instructions, caps for the accelerator pedal and the brake.

Part number: 5G1.064.205

### 04 Tablet holder

The universal tablet holder for the Safety Case is a practical and flexible solution for the rear passenger compartment, providing the perfect angle for all applications.

Part number: 000.061.125.N

### 08 Underlay for child seat system

These anti-slip, washable and easy-to-clean underlays help to keep your car clean and retain its value. The set consists of two parts, a seat cover and a backrest cover that can be attached at the headrest bars. Three integrated net pockets provide storage space for small items.

Part number: 000.019.819.C

### 05 Reading light

The LED reading light from Volkswagen Accessories allows passengers to also have light at the back of the car when it's dark outside. The universally usable LED reading light is connected via the cigarette lighter and delivers a light output of 20 lumens with only 1W of electricity.

Part number: 000.069.690.G

### 06 Hook for headset

Objects flying around in the car while on the move are now a thing of the past. Simply attach the goods weighing up to 2kgs to the headrest bar featuring 2 hooks, and off you go.

Part number: 000.061.126.A.041

## Superior comfort all the way

03

04

08

05

06

07

### 01 Luggage net with fastening hooks

The Volkswagen Genuine luggage net protects the luggage compartment against falling cargo when the boot lid is opened. It is quickly and easily secured into the side of the luggage compartment using fastening hooks.

Part number: 3CN.065.110

### 02 Luggage Compartment Insert

The luggage compartment tray with cargo organiser blocks for securing cargo, protects the luggage compartment against dirt, and comes with an anti-slip finish.

Part number: 3CG.061.166.469

### 03 Roof box

The new and innovative Urban Loader roof box with expandable load capacity provides additional cargo space for smaller vehicle models and is perfectly suited for transporting shopping, bags, suitcases, pushchairs and golf bags, etc. Can be assembled on the roof bars with rail adaptor for T-groove profiles or U-shaped brackets.

Part number: 000.071.200.AF

03

### 04 Roof box comfort 340

The new Volkswagen Genuine roof box Comfort 340, with a volume of approx. 340 litres, has an optimised aerodynamic design that reduces unpleasant driving noises as much as possible, an innovative pre-assembled quick-fastening system, and is fitted with a 3-point central locking mechanism. The "DuoLift" system enables the box to be opened comfortably from both sides.

Part number: 000.071.200.AD

04

### 05 Roof box comfort 460

The new Volkswagen Genuine roof box Comfort 460, with a volume of approx. 460 litres, has an optimised aerodynamic design that reduces unpleasant driving noises as much as possible, an innovative pre-assembled quick-fastening system, and is fitted with a 3-point central locking mechanism. The "DuoLift" system enables the box to be opened comfortably from both sides.

With a length of 2.3m, it is ideal for winter sports, as all conventional ski and snowboard sizes can be loaded into it without any issues.

Part number: 000.071.200.AC

05

## Room for everyone and everything

### Supporting rods, Silver

Designed for vehicles with factory-fitted roof railing, this is a secure system base for all bodies which is capable of carrying up to 90kgs. Can be locked and are therefore protected against theft. A torque wrench is included.

Part number: 3CN-071-151-B

### Supporting rods, Silver

The Volkswagen Genuine cross bars feature a new aerodynamic, flatter design, and are easier to mount to the roof rail. They are completely pre-assembled with an aluminium profile from aircraft technology, including T-groove, and feature new branded caps with a 3D effect.

Part number: 3CN-071-151-A

### Bicycle holder

The Volkswagen Genuine bicycle carrier comes in a convenient mounting height and with an innovative torque limiting rotary knob which controls the torque applied to the bicycle, making sure the bicycle is secured properly.

Part number: 000.071.128.F

### 01 Dynamic hub cap

Volkswagen Genuine dynamic hubcaps features the logo which stays straight while the wheels rotate. The set consists of four hubcaps and is made from impact-resistant plastic.

Part number: 000.071.213.D

### 02 Side Step (Running Board)

The running boards are manufactured from silver-anodised aluminium, and are incorporated into the step surface with Black plastic inserts that create an anti-slip effect for safe entry to the vehicle. They come with an anti-corrosion coating, and are also available for R-Line.

Part number: 3CN.071.691.A

### 03 End Caps for running board

Two-piece cover cap set, right and left, service part for running boards.

Part number: 2GA.071.980

### 04 Logo lights

The LED light is attached in the door trim and can be customised as per requirement.

Part number: 000.052.120.C

### 05 USB charging adaptor

The DUCI (Double USB Charger Insert) simply plugs into the cigarette lighter and enables you to charge your devices quickly via 2 USB ports.

Part number: 000.051.443.D

### 06 Universal Traffic Recorder - front and back

The 2-camera system records what happens in front of and behind the vehicle in the event of damage. It is installed on the windscreen and rear window in a visually appealing way and firmly glued to the windscreen/window.

Part number: 000.063.511.E

### 07 Universal Traffic Recorder - one-sided

The 1-camera system is integrated into the vehicle interior in a visually appealing way, and records what happens in front of the vehicle in the event of damage. It is installed on the windscreen and is crash-proof.

Part number: 000.063.511.D

### 08 Adhesive kit for aerodynamic parts

Using the adhesive set, you can glue aerodynamic attachment parts simply and securely, such as PUR-RIM, PP, ABS and many others. The adhesive set contains all components and auxiliary material that are required for gluing: Adhesive as a cartridge (310ml) with

suitable hollow nozzle, spatula, primer (25ml), 6 cleaning cloths (individually packed and impregnated with cleaning agent), 5 wool mops, abrasive pad, and instructions for use.
