

The Teramont

Seats 7. Thrills everyone.

A full life is just that: full. Kids, sports gear, camping equipment, and more. Enter the Teramont – the biggest Volkswagen on the block. Seats 7 comfortably in 3 rows, connects everyone with state-of-the-art tech, and goes virtually anywhere, with performance-enhancing features like 4Motion®. All dressed in a level of refinement that's truly exceptional among SUVs. And all exceptionally well priced. Accommodating. Nimble. Polished. Like having your own family concierge. Without having to tip.

Versatility

A chameleon on wheels, the Teramont is ever-changing – just like your life. Mix it up, load it up, and get fired up for serious family fun.

Technology and Connectivity

Step into the high-tech environment with the 12-speaker Fender audio system, 8-inch navigation HD touchscreen, 10-inch Digital Cockpit Pro, wireless App-Connect and mobile phone charging.

Design and Comfort

Big and comfortable come together beautifully in this spacious 7-seater. Seventeen cupholders and easy 3rd row access promise to come in handy for those emergency family outings and picnics that happen so often on the go.

Safety

What's better than an SUV that can do everything? One that's ready for virtually anything. With a multitude of driver and passenger protection features built right in, you can focus on fun knowing the Teramont takes your family's safety seriously.

Performance

The bigger you are, the slower you move? Not here. True to its name, the Teramont has plenty of brawn.

Versatility

Spreading out needn't be a stretch. But you can do that too.

From legroom to 3rd row access, the Teramont changes up to handle it all, and all in a jiffy. Because when you don't have to leave anyone – or anything – behind, you're free to enjoy the adventures that lie ahead.

3-row, 7-passenger seating

In the Teramont, comfort and versatility never take a back seat. Unless you count the adult-sized 3rd row seating – accessible without removing child seats. It just takes one hand to fold the 2nd row forward with a pull and a push.

Fold-flat cargo space

Is it a refined family-friendly SUV, or a load-it-to-the-max pickup? With 2nd and 3rd row seating that folds completely flat, the answer is a resounding “yes”.

3 child seats in the 2nd row

Now all the kids can have their own room, thanks to the spacious and comfortable 2nd row.

Optional 2nd row captain's chairs

Go from seating for 7 to 6, and gain a world of customisable comfort, with available 2nd row captain's chairs. Passengers can adjust the backrest, armrest, and legroom any way they like it.

Technology and Connectivity

Getting ahead is all about connections

Everywhere you go in the Teramont, you're connected. From business to pleasure and back again, plug in to a world of entertainment, convenience, and safety. It's all part of a full complement of electronic innovation to help you experience the magic in every adventure.

10" Digital Cockpit Pro

The optional display is a true breakthrough. Instead of the traditional instrument cluster, information from speed, travel time to route guidance and assistance systems, all can be displayed digitally in high resolution.

Fender® Premium Audio System

Enjoy your favourite artists with the optional 480-watt Fender Premium Audio System. Don't blame us if you're caught singing along.

Wireless Phone Charging

Charge your phone wirelessly with the optional wireless charging pad. Once paired to the App-Connect infotainment system, your phone will automatically connect so you can enjoy a hands-free experience.

App-Connect*

Simply plug in your compatible smartphone or connect it wirelessly to access apps on the touchscreen display. That means you can bring your favourite apps, podcasts, and playlists along for the ride.

8" Discover Media Navigation System

Technology has an advanced touch. The updated navigation system boasts a large, sleek 8-inch HD touchscreen display that offers voice control, proximity sensors, and multiple compatible phone-pairing capabilities.

Personalisation: 4 driver profiles

Start up your Teramont and it'll welcome you by name, activating your mirror positions, climate controls, favourite radio station and more. Multiple drivers? Store up to 3 driver preferences, plus a guest – all custom-tailored to suit their unique needs.

*Do not drive while distracted. Drivers must pay full attention to the road and drive safe at all times.

Design and Comfort

Looks as good as it feels

With the Teramont, brawn and beauty coexist in a perfect marriage. Big and bold, it's also beautifully designed with purpose. Well balanced, comfortable, no complicated corners. Substantial, solid and firm, but not too aggressive. A vehicle that delivers on the promise of power and freedom – your home away from home.

17 cup holders

Coffee or tea? Why not both? Conveniently equipped with seventeen different cup holders, you can be sure there's always space for everyone's drink.

10-way power adjustable driver seat

Everyone's built differently. And with buttons that offer 10 ways to customise your individual seating position, achieving maximum comfort and good driving posture has never been easier – or more fun.

LED head- and taillights

Uniquely styled LED head- and taillights with signature daytime running lights are quick to turn heads. Brighter, bolder, more daring – and more energy efficient.

Panoramic Sunroof

It's a big world. Take it all in, with the available Panoramic Sunroof offering sweeping vistas for all. Plus, enjoy a breath of fresh air and slide or tilt the sunroof open with just the touch of a button.

Ventilated front seats

It's not just all the legroom that makes the front seats so comfortable. On hot days, this available feature can circulate air throughout the seat to help cool you down.

Climatronic® 3-zone AC

Too hot, too cold, or just right? Here, driver, front passenger, and folks in the back all get to choose their own temperature preferences. Even if the difference is as little as 0.5 degrees, proving individual comfort is no fairytale.

Interior ambient lighting

You'll feel like you've reached cruising altitude on a night flight, with ambient lighting that provides mellow, low-level illumination throughout the cabin.

Safety and Assistance Systems

Didn't see that coming? Relax, it's a Teramont.

The Teramont offers a full arsenal of safety systems, and available driver assistance features to help combat the hidden perils of driving every day, even on those off-days. That's reassurance you can enjoy mile after mile, smile after smile.

*Driver assistance feature. Drivers must continue to perform manual checks and pay full attention to the road and drive safe at all times. Please review the owner's manual for feature limitations.

Front Assist

If the vehicle senses an impending collision with a pedestrian, Front Assist will warn the driver with an audible tone. The feature is also designed to automatically apply the brakes under certain conditions, so if the driver doesn't react, the vehicle can.

Light Assist

The High Beam Control helps provide better visibility on dark roads by turning on your high beams at certain speeds. A camera mounted at the base of the rear view mirror turns your high beams on when conditions warrant it on dark or poorly lit roads. It then turns them off again if another car approaches or drives in front of you.

Area View*

Get into even the most difficult parking spaces quickly and easily. Superimposed guidance lines, multiple viewing angles and optical warnings help you navigate more safely and accurately.

Park Distance Control and Park Assist*

The Park Distance Control feature has sensors that can help you back out of or drive into a parking spot. Audible signals and the optical parking system on the display indicate how much space you have behind and ahead of the vehicle.

The Park Assist can judge if a parking spot is big enough for your Volkswagen. Then it will help steer the vehicle into the space, either parallel or perpendicular. You operate the accelerator, brake and shifter; it does the rest.

Blind Spot Detection with Rear Traffic Alert*

When driving, if you attempt to change lanes, the Blind Spot Monitor can help alert you to cars that may be in your blind spot. Rear Traffic Alert comes in handy when you're backing up. It has sensors that can alert you to vehicles crossing in your path when in reverse, and can even help brake the vehicle if needed.

Automatic post-collision braking system*

In the event of an unforeseen accident, you may not be able to react instantly, but the Teramont can. Seatbelts are automatically tightened, and emergency braking is deployed to help prevent further accidents.

Adaptive Cruise Control with Stop & Go*

Free your mind – and your feet. Cruising in traffic is a breeze, with automatic braking when things slow down. And when traffic clears ahead, it accelerates back up to your set cruising speed with just a tap on the pedal.**

*Features are for driver assistance. Drivers must continue to perform manual checks and pay full attention to the road and drive safe at all times. Please review the owner's manual for feature limitations. **In emergency situations, it is still necessary to apply the brakes manually.

Performance

Discovering more of what's out there starts right here

You and your family want to do more. So you need a vehicle with just that. More traction for the road less travelled. More control for those tricky situations. And more power and maneuverability to get where you're going confidently. Expect nothing less.

2.0L TSI & 3.6L V6 FSI Engine

Dial up the adventure and turn it into a veritable power trip, with the choice of either 2.0L TSI or 3.6 FSI V6 engine. Throaty, peppy, zippy and downright fun.

4Motion® with Active Control

Even the most adventurous among us need a little stability. Get it, with 4Motion® Active Control. Simply select your choice of four driving modes with on-screen menus and a rotary dial/push button for supreme control and stability.

8-speed automatic transmission with Tiptronic®

Master the realms of performance and efficiency. With Tiptronic®, you get the convenience of an automatic, with the hands-on sportiness of a manual transmission, coupled with 8 speeds of fuel-sipping savings.

Drive Mode Selector

Start with the already-intuitive Volkswagen 4Motion® All-Wheel Drive system, and select your mode to suit your driving mood. You'll enjoy a range of expandable options for optimum driving comfort, performance and handling on or off-road.

R-Line

The Teramont R-Line pays tribute to Volkswagen's signature style of effortlessly blending design and practicality. The exterior catches eyes with its grille, chrome bars and black matte insert, giving it an air of unmistakable presence on the road. The sporty, body coloured bumper, with glossy black air inlets decorate the front and the rear. A chrome strip on the lower door panel, and the distinctive R-Line badge on the side, emphasises the 'sport' in SUV.

The R-Line Alloy wheels (20" Sebring or 21" Braselton) make the Teramont R-Line stand tall and proud.

Introducing Volkswagen Care

Peace of mind comes as standard when you join the Volkswagen family. Rest assured, you will always receive genuine care and transparent pricing from our network of authorised service centres.

Service Package

Thanks to our comprehensive services, you can hit the road without a care. Our Genuine Service provides a range of services that are designed specifically for your Volkswagen. In the event of repairs, we only install Volkswagen Genuine Parts®: High-quality, safe and tailor-made. So your journey is carefree and comfortable.

Warranty

We are focused on ensuring that you are happy with your Volkswagen and have less things to worry about as a new car owner. That's why when you buy a new Volkswagen from any of our authorised Volkswagen dealerships, we'll provide warranty cover to protect you against the repair costs of manufacturing and material defects within the specified warranty period.

Roadside Assistance

No matter where you are or what time of day it is, we've got your back. In most cases a breakdown can be resolved at the roadside, getting you safely back on your way.

Finance Options

Owning the Volkswagen of your dreams is easier than ever with our attractive finance options. High cost repairs won't wear you down anymore, as you can even choose to pay off your car service by paying in installments.

For more information on service packages, warranty and extended warranty, roadside assistance coverage and finance options, please contact your authorised Volkswagen dealership.
