

# The T-Roc

# Convinces right from the start

Do you appreciate good design and individuality? The self-confident T-Roc stands out from the crowd with its expressive design and numerous customisable options. Now available in three trim levels: Trend, Style and Sport combined with a choice of exterior and interior colours, the R-Line and Black Style package, you can choose a T-Roc that perfectly reflects your personality.

Front cover model shown is T-Roc R-Line with optional two-tone black roof, Panoramic Sunroof and Pure White non-metallic paint.

Models shown are T-Roc Sport with two-tone black roof and metallic paint.

Model shown is T-Roc Sport with two-tone black roof and metallic paint.

## Strong impression and expression

Strong, striking and sporty, the T-Roc exudes character and confidence. Take for example the Sport with its wide radiator grille, integrated LED dual headlights and separate unique signature LED daytime running lights, creating an unmistakable look, especially at night. Strong lines and a wide front air intake emphasise its bold design, with dynamic handling, a host of new technology, impressive standard specification and the option to personalise it to your preferred choice. This all adds up to create an SUV that is as much at home in the city as it is on rough terrain.

01

**01** Dynamically designed rear taillights are wide and distinctive, giving real road presence. On the T-Roc R-Line, the **LED darkened rear light clusters** enhance the sporty, modern design, while saving energy and maximising visibility day or night.

# Self-confidence comes from within

Robust, modern and elegant, the interior of the T-Roc embraces the future, with an all-new design combined with Volkswagen's characteristic build quality. Unprecedented levels of functionality and technology, enhanced by ergonomic attention to detail, places it in a league of its own. With plenty of space for occupants and luggage alike, the T-Roc offers all you could ask for in terms of comfort, style and convenience. Look within and discover the inside story.

**01** The interior of the T-Roc Sport is luxurious and elegant, with ambient lighting in the front footwell and light strips below the trim in the front doors, enhanced with dark grey decorative inserts in the dash and door panels. Front sport seats, beautifully finished in contemporary 'Gem' cloth upholstery, feature height adjustment, ensuring the optimum driving position, while front and rear reading lights incorporate LED technology for optimum illumination, while the optional Panoramic Sunroof adds a new dimension of light and spaciousness above. Interior shown is T-Roc Sport with front sports seats and optional Panoramic Sunroof.

Interior shown is T-Roc Sport with front sport seats, 'Shadow Steel' dashpad and optional Discover Media Navigation touch-screen infotainment system, Active Info Display and Beats™ premium audio sound system. Disclaimer: Image shows 4Motion Active Control which is not available in the region.

# Step out in style

The T-Roc is designed to be noticed. Its sporty, modern exterior heralds a new era of Volkswagen style, combining the practicality of an SUV with the agility of a sports model. The elongated coupé silhouette is characterised by a striking chrome strip running the length of the side roofline, while a choice of contrasting colours for the roof, A-pillar and door mirrors on the Style and Sport models, allow you to create a look that's as individual as you are.

Model shown is T-Roc Style with two-tone black roof and metallic paint.

# Only adapts if you want it to

The interior of the T-Roc Style is the epitome of contemporary design and individuality. Choose between two different exclusive interior colours to create a look that reflects your taste and style. It's time to express yourself.

01 'Limestone Grey' dashpad

02 'Ravenna Blue' dashpad

**01-02** Specify the T-Roc Style and decide on the **dashpad colour**, with a choice of 'Limestone Grey' or 'Ravenna Blue' depending on your choice of exterior paint. The dashpad colour you select will also feature on the door trims and centre console trim as well as the central stripe detail of the 'Tracks 4' seat upholstery, creating an interior that's fun, stylish and totally personal. Interiors shown feature optional Discover Media Navigation touch-screen infotainment system, Active Info Display and Beats™ premium audio system.

# Black Style Package

The optional 'Black Style' Package for the T-Roc Sport will guarantee to really stand out from the crowd. Numerous exterior features emphasise the exclusive look, from the distinctive 18-inch 'Grange Hill' black alloy wheels, the black front grille, side window surrounds, side skirts and door mirrors to the black exhaust tailpipes, roof rails and window tints from the B-pillar backwards. The interior includes a leather trimmed multifunction steering wheel including paddle shift with grey contrast stitching, 'Piano Black' decorative inserts in the dash and door panels and ambient lighting in white.

# R-Line

More distinctive than ever, the dynamic R-Line features the unique 'R-Line' styling pack, comprising a number of sporty exterior touches such as the 18-inch 'Sebring' alloy wheels, uniquely shaped body-coloured bumpers, side skirts, black wheel arch extensions and badging, and a luxurious interior, with front sports seats and aesthetic detail, creating the look and feel of a real sports performer.

**01** The **front sports seats** are ergonomically designed for both comfort and style. Finished in stylish 'Carbon Flag' with the 'R-Line' logo displayed on the seat backrests, not only do they look good, but also provide excellent lateral support when cornering.

01

Model shown is T-Roc R-Line with optional two-tone black roof, Panoramic Sunroof and Pure White non-metallic paint.

01

02

03

04

**01** With their 5-double-spoke design in Grey Metallic, the **18-inch 'Sebring' alloy wheels** make an impressive appearance on the road.  
**02** Creating an impressive welcome: **the door sills in stainless steel with 'R-Line' logo** for driver and front passenger doors.  
**03** As soon as you sit inside, you'll appreciate the attention to detail, quality materials and finishes. **Exclusive 'R-Line' styling** includes a leather-trimmed multifunction steering wheel with 'R-Line' logo and paddle shifts and 'Shadow Steel' decorative inserts in the dash and door panels. Just as eye-catching: the pedals and foot rest in brushed stainless steel with a tough non-slip covering, floor mats and steering wheel with Crystal Grey stitching and ambient lighting in white.

Disclaimer: Image shows 4Motion Active Control which is not available in the region.

**04** Confident from every angle: the **'R-Line' exterior styling pack** with a specifically designed rear bumper, black wheel arch extensions body-coloured side skirts. The LED darkened rear tail lights enhance the sporty and modern design.

# Multimedia and Connectivity

Enjoy all the benefits of an interactive, digital dashboard thanks to a host of standard and optional equipment such as the Active Info Display and the Discover Media Navigation touchscreen infotainment system.

Cutting-edge connectivity ensures it's never been easier to integrate your mobile device, whether you are looking to charge or stay connected.

Furthermore, the powerful Beats™ premium audio sound system delivers exceptional acoustics.

**01 The Composition Media infotainment system** is equipped with an 8-inch colour touchscreen, DAB digital radio receiver<sup>1</sup>, Multi Device Interface (MDI), single CD player, SD card reader and USB connection. It allows music playback from MP3, WMA and AAC files, simultaneous pairing of two compatible mobile devices, SMS functionality (when stationary and on compatible Android smartphones only), Bluetooth telephone and audio functionality<sup>2</sup>, and provides driver tips and journey analysis. Six speakers, situated to the front and rear, make sure excellent acoustics are delivered on every journey. Standard on Trend, Style and Sport models.

**02** Depending on which smartphone you have, you can connect **App-Connect** via wireless connection for Apple 'CarPlay' or by USB-C connection for Google 'Android Auto' and 'MirrorLink'™, allowing your smartphone display to be 'mirrored' on the infotainment touchscreen and giving access to your favourite smartphone functions, such as music, messages, phone and news. Wired App-Connect is standard on all models. Wireless App-Connect optional on Style and Sport models with the Technology package (excluding Qatar).

**03** Very practical: The **wireless charging pad** located in the centre console charges your mobile device without any cables. Optional on Style and Sport models. Disclaimer: Image shows 4Motion Active Control which is not available in the region.

**04 The Discover Media Navigation touchscreen infotainment system** builds upon the impressive Composition Media infotainment system, but with additional features enabling you to easily manage not only your music, but also navigation data and a broad range of vehicle information. The system offers preloaded navigation data, 2D/3D map view which can be easily followed on the 8-inch colour touchscreen, three calculated route choices (Fast, Short and Eco), dynamic navigation based on TMC+, branded points of interest, Speed Limit Display<sup>3</sup>. Optional on Style and Sport models with the Technology package.

**05 The Active Info Display** provides a 10.3-inch high-resolution TFT dash display with customisable menus that can be configured as you wish, providing such information as detailed driving data, graphic displays of your driver assistance systems, and when used in conjunction with the optional Discover Navigation system, large map display<sup>4</sup>. Optional on Style and Sport models.

**06 The Beats™ premium audio sound system** delivers just the right amount of bass. Inspired by Dr Dre, it includes six speakers, a subwoofer and an 8-channel digital amplifier with Digital Signal Processor (DSP), delivering 400W output with Dolby Pro Logic surround sound.

It's controlled via your infotainment or navigation system and displays a welcome screen when switching on. Optional on Style and Sport models with the technology package.

**01** DAB digital radio receiver only available in the UAE and KSA.

**02** Devices must be Bluetooth HFP (Hands Free Profile) compatible, please contact your authorised Volkswagen retailer for specific phone compatibility.

**03** Speed Limit Display only reflects national speed limits and does not show temporary speed limit restrictions, or where permanent changes to speed limits are made in between map updates.

**04** Please note: When the navigation map is displayed in the Active Info Display in conjunction with the Discover Media Navigation system, the navigation map cannot be displayed on the Discover Media Navigation's infotainment touchscreen.

# Comfort and Driver's Assistance Systems

**01** The optional **Blind Spot sensor** warns you about vehicles in your blind spot using an LED indicator in the exterior mirror. Optional on Style and Sport models with the Assistance package.

**02** The **electric tailgate** opens easily and conveniently, either from the driver's seat or using the remote control key. You can also adjust the opening height so it doesn't strike a low ceiling. Once everything is stowed, simply press a button in the tailgate and it closes automatically. Optional on Style and Sport models with the Comfort package.

**02**

**03**

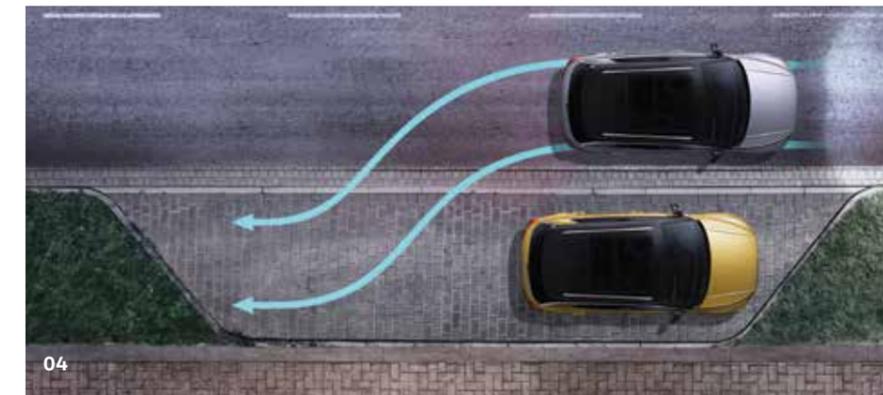

**03 Driver Profile Selection** enables you to choose different settings that will change both your car's performance and your driving experience – all at the push of a button. You can quickly and easily select one of the five driving modes using the touchscreen and change between normal, comfortable, sporty, individual or eco style. So depending on what type of driver you are and your driving situation, you'll be able to tailor the car to your requirements. Standard on Sport models.

**04 The Park Assist system** not only makes parallel parking easier, but also helps you reverse park into a space at 90 degrees to the kerb. Using ultrasonic sensors, Park Assist will detect a parking space large enough for either bay or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake and keep a lookout, while the T-Roc steers itself into its chosen space. Optional on Style and Sport models with the Assistance package.

**05 Front and rear parking sensors** assist parking manoeuvres by emitting both audible and visual signals, alerting the driver to any obstacles in the way. The closer you are to an obstacle the faster the sound frequency, while an optical parking display indicates your position in relation to obstacles on the screen of the vehicle's infotainment system. Standard on Style and Sport models and optional on Trend models.

**The Rear View Camera** provides drivers with support when reversing. The camera image on the infotainment system display shows the area behind the vehicle. Superimposed graphic lines provide guidance for the driver during parking manoeuvres: they indicate the direction in which the vehicle would drive with the current steering wheel position or when the steering wheel should be turned. Standard on Sport and optional on Style models.

**Keyless access** allows you to open and start the T-Roc without taking the key out of your pocket. Optional on Style and Sport models with the Comfort package.

Every single Volkswagen Genuine Accessories product is developed in parallel with the vehicle itself, and manufactured from high-quality materials using state-of-the-art production processes. We carry out strict safety tests on many accessories, some exceeding the legally required standards. So that you stay satisfied – and your Volkswagen stays a Volkswagen. Contact your authorised Volkswagen dealership for more information.

## Introducing Volkswagen Care

Peace of mind comes as standard when you join the Volkswagen family. Rest assured, you will always receive genuine care and transparent pricing from our network of authorised service centres.

### Service Package

Thanks to our comprehensive services, you can hit the road without a care. Our Genuine Service provides a range of services that are designed specifically for your Volkswagen. In the event of repairs, we only install Volkswagen Genuine Parts®: High-quality, safe and tailor-made. So your journey is carefree and comfortable.

### Warranty

We are focused on ensuring that you are happy with your Volkswagen and have less things to worry about as a new car owner. That's why when you buy a new Volkswagen from any of our authorised Volkswagen dealerships, we'll provide warranty cover to protect you against the repair costs of manufacturing and material defects within the specified warranty period.

### Roadside Assistance

No matter where you are or what time of day it is, we've got your back. In most cases a breakdown can be resolved at the roadside, getting you safely back on your way.

### Finance Options

Owning the Volkswagen of your dreams is easier than ever with our attractive finance options. High cost repairs won't wear you down anymore, as you can even choose to pay off your car service by paying in installments.

For more information on service packages, warranty and extended warranty, roadside assistance coverage and finance options, please contact your authorised Volkswagen dealership.
